Chart Products

PAPER CHARTS

These are detailed and accurate large scaled charts covering much of Western Australia's coastline. Printed on high quality twin wire map paper, these charts are designed to show details relative to safe navigation for small craft and are compiled to specifications based on those of the International Hydrographic Organization, the worldwide charting standardisation authority.

PRICES (inc GST)
Single sided - \$28.30
Double sided - \$32.60
Laminating - \$11.40

WESTERN AUSTRALIAN DIGITAL NAUTICAL CHARTS

This CD contains raster (TIFF and ECW) and PDF versions of the Department's nautical charts from Lancelin to Dawesville, suitable for use with personal computers. The chart images on this CD are not geo-referenced, but contain graticule information relating to GDA94, enabling them to be manually positioned in programs such as OziExplorer, Memory-Map Navigator and Fugawi.

PRICES (inc GST)
WADNC - \$103.50
