

Local Information

Personal Water Craft (PWC) Freestyling

- PWC operating in the freestyling area must:
- Keep at least 30 metres clear of any other PWC.
 - Keep at least 50 metres clear of any other vessel or person in the water.

Driving a PWC in this area is permitted between the hours of SUNRISE and SUNSET only.

Freestyling is prohibited in all other areas of the Swan Canning Riverpark.

Use of the PWC Area ramp is limited to the launching and retrieval of PWC. All other vessels are prohibited.

PWC "freestyle driving" means driving a PWC such that the driver of another vessel in sight of the PWC would be unable to determine the intended course and speed of the PWC so as to take action to avoid a collision.

The drivers and passengers of PWC involved in freestyle driving do so at their own risk.

Lifejacket

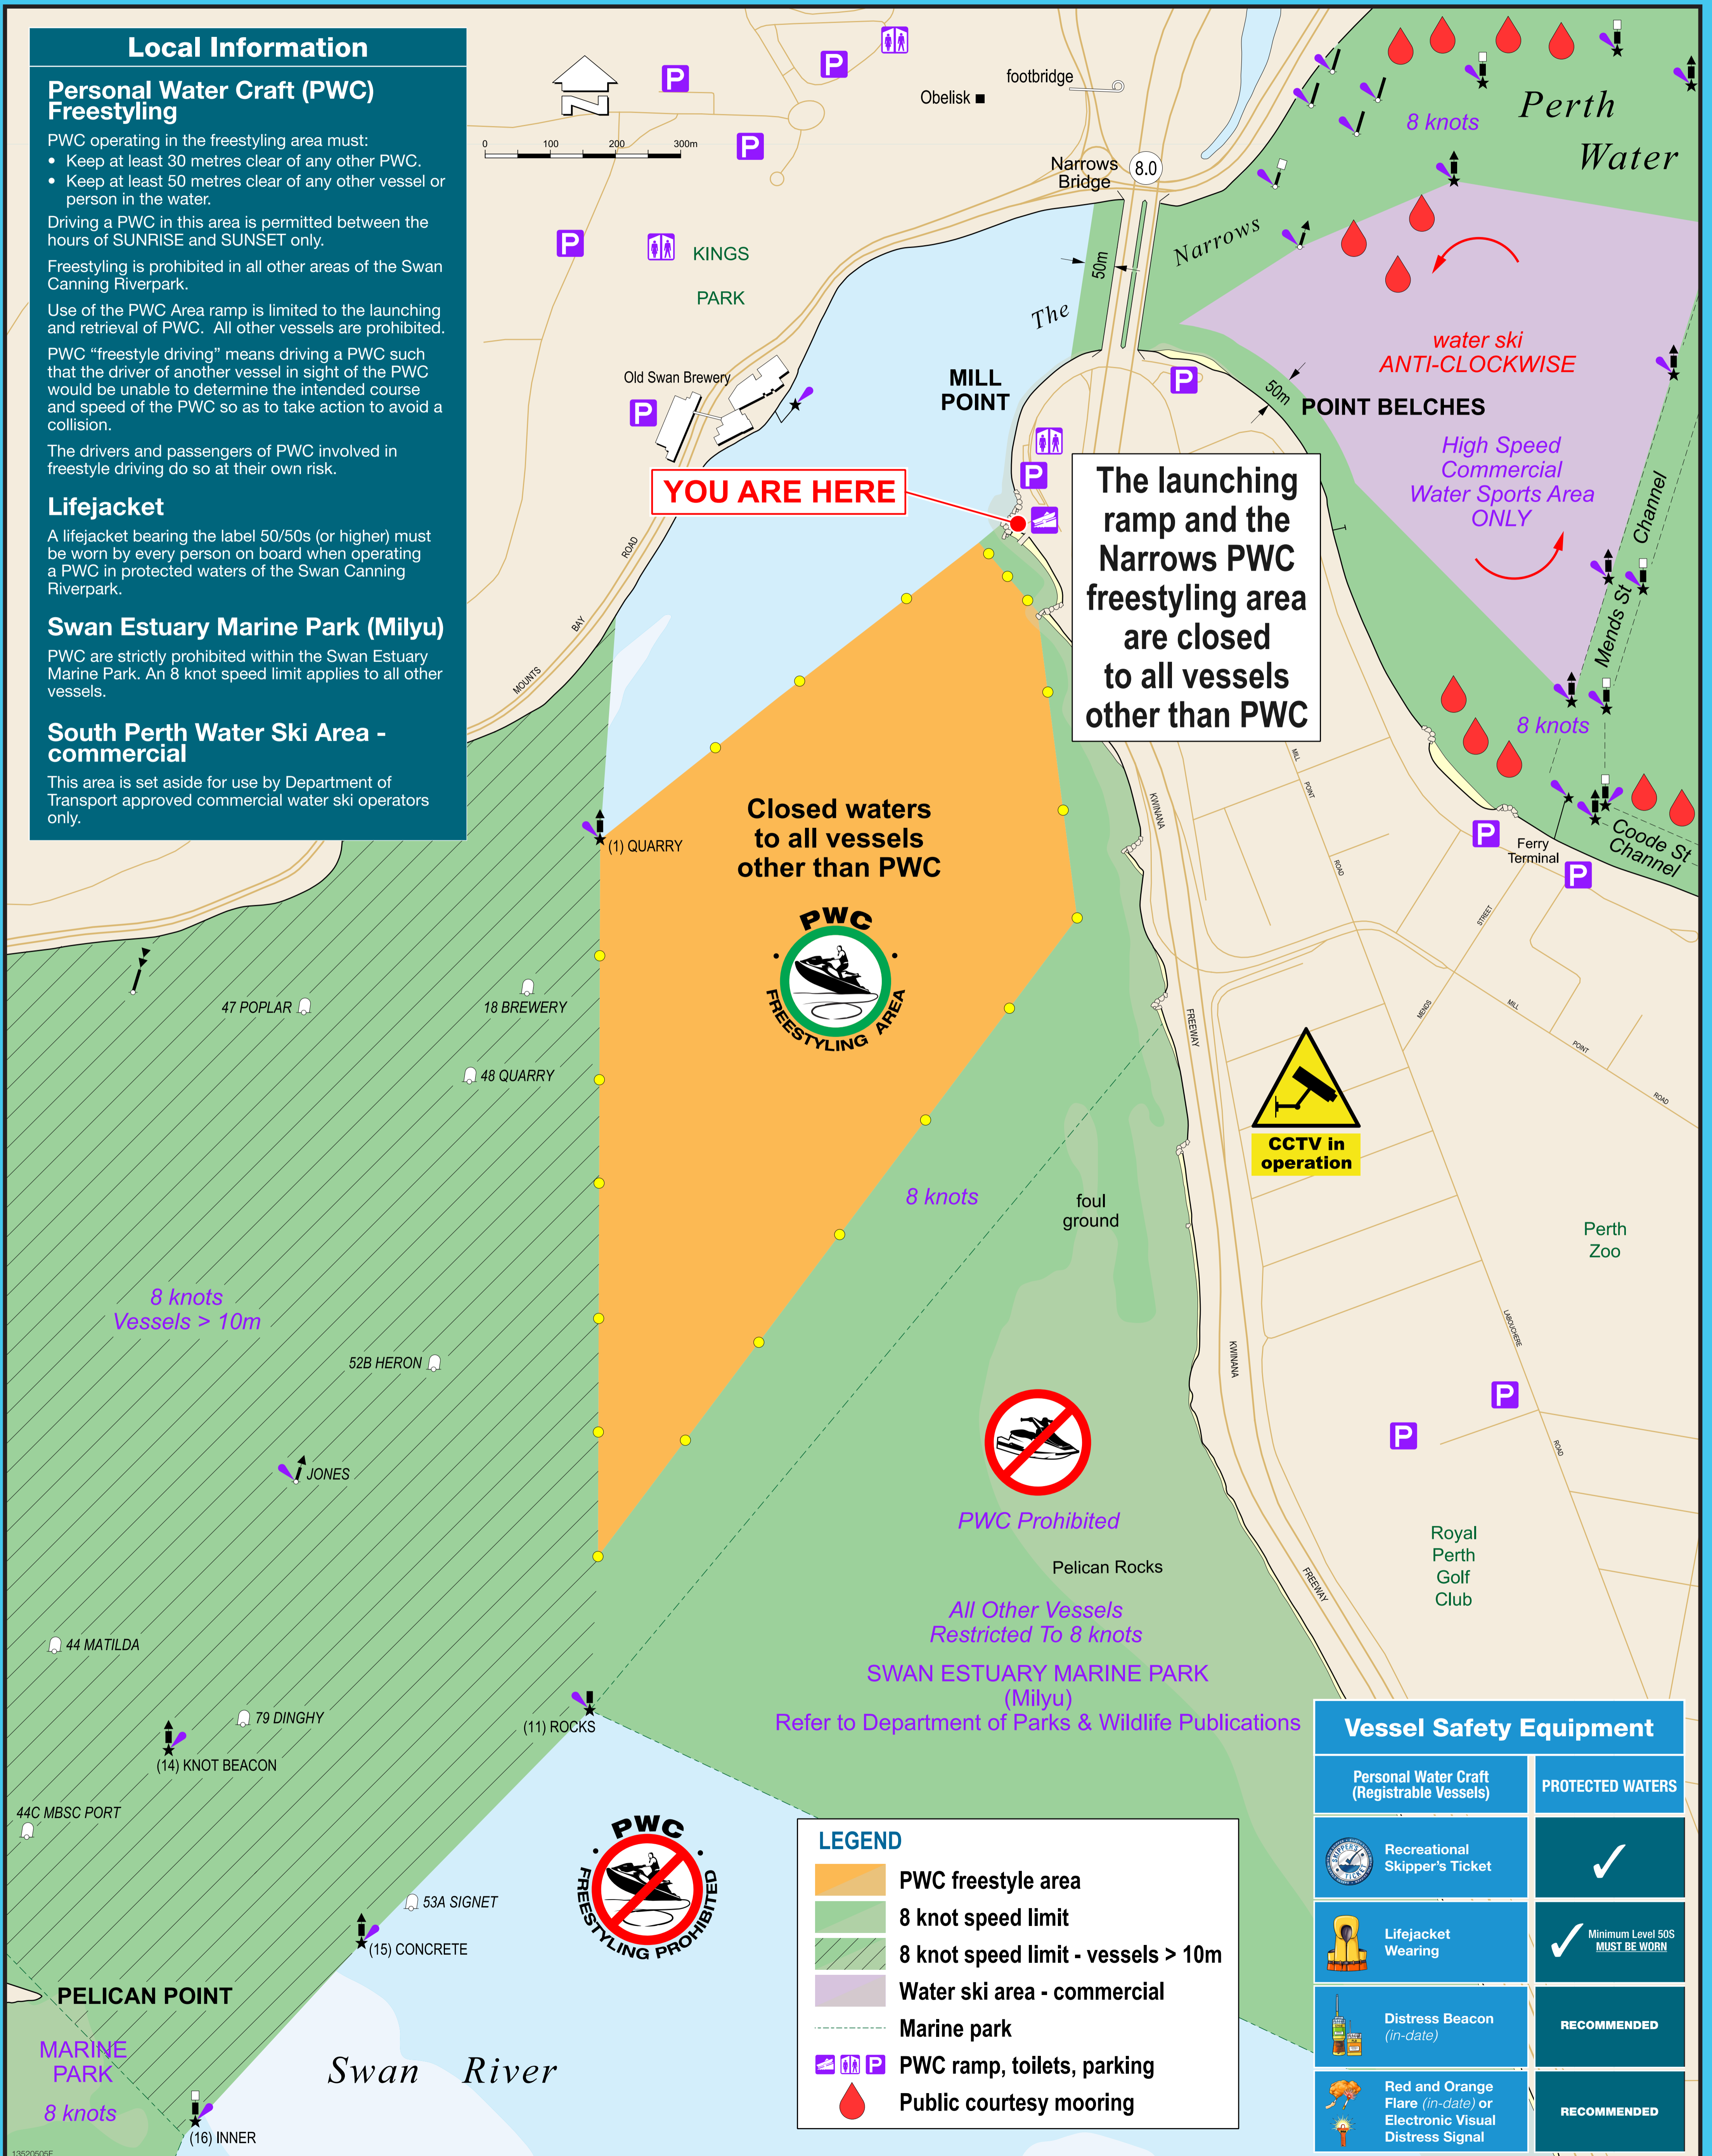

A lifejacket bearing the label 50/50s (or higher) must be worn by every person on board when operating a PWC in protected waters of the Swan Canning Riverpark.

Swan Estuary Marine Park (Milyu)

PWC are strictly prohibited within the Swan Estuary Marine Park. An 8 knot speed limit applies to all other vessels.

South Perth Water Ski Area - commercial

This area is set aside for use by Department of Transport approved commercial water ski operators only.
