Facilities Fact Sheets

Cervantes Maritime Facility

Cervantes Maritime Facility

Cervantes is located 198 kilometres north-northwest of Perth, in the Wheatbelt region. Some of the coastal attractions include offshore reefs, islands and native sea lions.

The maritime facility has a jetty with fuelling facilities.

Boating facility fees

Fees are payable for the use of maritime facilities throughout the state. Please refer to the schedule of maritime facilities fees and charges. <http://www.transport.wa.gov.au/imate/marine-fees-and-payments.asp>

All customers should contact Department of Transport's (DoT) Geraldton office, on email MidWest@transport.wa.gov.au or phone 9216 8170 prior to arrival to ensure suitable facilities are available and to receive all relevant documentation and facilitate payment

It is a condition of use that all users comply with DoT's gas, electrical, insurance requirements and terms and conditions. These documents can be found at <https://www.transport.wa.gov.au/imate/use-of-boating-facilities.asp>

Waterway entrance channel: Latitude: -30.490 S Longitude: 115.067 E

Boating facilities

Public jetty

The new public jetty at Cervantes has a low-level landing, with ramped pedestrian access. It is designed to accommodate smaller craft up to 50 tonnes and can take single unit trucks.

Some of the features of the jetty include:

- Fuelling facilities (operated by Comen Fuel WA) available for Comen card holders only.
- Water, lighting, single phase and three phase power available (fees applicable for power).

Using marine facilities

Please familiarise yourself with the following information sheets:

- Schedule of marine fees and charges – Coastal Infrastructure Fees
- Live onboard policy
- Electrical, gas and insurance requirements for DoT operated maritime facilities
- Leeman to Lancelin boating guide
- Requirements for using marine facilities.

Marine rescue

All volunteer marine rescue groups monitor radio listening watches on marine radio 27.88 MHz and VHF Channel 16. Most groups also monitor other frequencies such as 27.90 MHz, 27.91 MHz and VHF channels 72 and 73, as well as their own channels.

Don't hesitate to call any volunteer marine rescue group on your marine radio.

Remember to log on before heading out and log off when you return with your local volunteer marine rescue group, for full radio procedure refer to Boat rules at a glance.
