

Hotspot Coastal Adaptation and Protection Grants (2026-27)

Total: **\$1,500,000**

Recipient	Project	Description	Grant
City of Mandurah	Doddi's Beach Coast Protection – Construction	Finalising construction drawings and technical specifications for Stage 1 works, including a geotextile sand-containment revetment at Robert's Point car park and an extension of the existing Janis Street rock groyne.	\$1,500,000

Coastal Adaptation and Protection Grants (2026-27)

Total: **\$1,500,000**

Recipient	Project	Description	Grant
Shire of Gingin	Sand nourishment and design of emergency works - Lancelin North	Sand nourishment at Lancelin North, supported by emergency wall design, coastal data collection to assess accelerated erosion, and long-term adaptation planning	\$270,750
City of Wanneroo	Quinns Beach and Yanchep Lagoon Beach Maintenance (Nourishment and Scraping)	Undertake beach nourishment and scraping works adjacent to Quinns Beach Carpark, Quinns Dog Beach and Yanchep Lagoon.	\$190,000
Shire of Gingin	Lancelin - Coastal Processes Study	Coastal assessment combining data review, shoreline-change analysis, sediment budgeting, metocean and bathymetric data collection, sediment-transport modelling, and projections of future shoreline recession and inundation.	\$187,500
City of Stirling	Mettams Pool Beach - Sand Nourishment	Undertake sand nourishment at Mettams Pool. Sand harvesting will take place from the accretion beach south of Trigg Island.	\$155,000
City of Rockingham	Mersey Point Beach Nourishment	Undertake beach re-nourishment of Mersey Point beach using sand excavated from the Point Peron sand traps, as well as back passed sand.	\$150,000

OFFICIAL

Recipient	Project	Description	Grant
City of Wanneroo – Northern Beaches Alliance	Six Monthly Capture of Coastal Surveys	Capture coastal surveys across the NBA enabling quantitative assessment of beach change (seasonal and long-term) to inform coastal management/maintenance actions for each LGA.	\$111,441
Shire of Murray	Cooper's Mill Protection Works	Implementation of a seawall to protect the State Heritage listed Cooper's Mill on Cooleenup Island.	\$100,000
City of Wanneroo	Yanchep Coastal Management Study - Stage 3 Detailed Design	Provide detailed design documentation for the recommended coastal management option and beach access works along the Yanchep coastline.	\$99,475
City of Busselton	Wonnerup Coastal Investigation and Preliminary Design	Wonnerup Coastal investigations to assess erosion causes and rates, predict response, and develop management options to address deficits and variability from Port Geographe to Wonnerup Inlet.	\$71,973
City of Bunbury	Metocean Data Collection - Bunbury	Undertake comprehensive metocean data collection along the Bunbury Coastline	\$50,000
Shire of Dardanup	Shire of Dardanup Eaton Foreshore Engineering Investigation Report	Investigate Eaton Foreshore to assess relevant hazard and vulnerabilities and develop a sustainable long-term adaptation/management solution.	\$33,000
Peron Naturaliste Partnership Inc (PNP)	Coastal Drone Survey Mapping	Generate high-resolution imagery and digital elevation data of the intra-annual changes at vulnerable sites in the Cape Peron to Cape Naturaliste region	\$30,661
Shire of Augusta-Margaret River	Gnarabup South - Beach Nourishment	Undertake sand nourishment at Gnarabup Beach to protect coastal infrastructure including Gnarabup boat ramp, carpark and the Gnarabup to Prevelly path.	\$30,200
Shire of Broome	Shire of Broome - Coastal Monitoring Project	Coastal monitoring to develop a comprehensive understanding of the coastal processes affecting Broome.	\$20,000
