At least three people are required to go water skiing:

Water skiing is when a person(s) is being towed behind a vessel at a speed of 8 knots or more.

Yellow marker buoys define limit of ski area.

is prohibited.

The water ski area is for deep water take off only. The take off and landing of skiers from shore is prohibited.

Water skiing is to be carried out in an anti-clockwise direction.

Water skiing is permitted within the defined water ski area between SUNRISE and SUNSET or higher than, 158 metres Australian Height Datum (AHD). The water ski area is closed when the official water level falls below this elevation.

Water skiing is only permitted within the area shown when the official water level is equal to, or higher than, 158 metres Australian Height Datum (AHD). The water ski area is closed to navigation of all vessels at all times.

Personal water craft (PWC)

Freestyle driving, wave jumping and surfing is prohibited on all waters of Wellington Dam at all times.

All waters of Wellington Dam are closed to PWC when the official water level is below 158 metres AHD.

PWC can only be used to conduct water ski activities within the designated water ski area. The closed water areas and 5 knot speed restriction also apply to PWC.

Closed waters to all vessels

All waters of Wellington Dam extending to 200m east from the weir wall are closed to navigation of all vessels at all times.

Closed waters to motorised vessels

All waters of Wellington Dam east of the 5 knot speed restriction area, and all waters adjacent to the Potters Gorge camp ground extending 100m from the shoreline, are closed to navigation of motorised vessels at all times.

Swimming prohibited

Swimming is prohibited in Wellington Dam in all waters extending to 200m east of the weir wall.
