Vessel Accommodation Types
A guide to pens, berths and moorings at maritime facilities
Effective from July 2020
Definition of vessel length

To ensure safe accommodation of vessels within Department of Transport managed maritime facilities, the vessel length is determined by the overall length of the vessel, rather than the registered vessel length as shown below.
## Floating pen with walkway

| **Design** | This is a purpose built floating structure designed to accommodate one vessel of up to a specific length.  
|           | Side access to the vessel in the pen is provided by a finger jetty structure.  
|           | The length of the side access finger jetty generally extends the full length of the pen. |
| **Occupancy** | The overall vessel length must not exceed the described pen length. |
| **Charges** | Per metre of described pen length.  
|           | Purpose built catamaran pens are charged at 1.5 times the normal rate. |

### Fixed pen with walkway

**Design**
- This is a purpose built fixed structure designed to accommodate one vessel of up to a specific length.
- Side access to the vessel in the pen is provided by a finger jetty structure.
- The length and width of the side access finger jetty may vary.

**Occupancy**
The overall vessel length must not exceed the described pen length.

**Charges**
- Per metre of described pen length.
- Purpose built catamaran pens are charged at 1.5 times the normal rate.

- 12m
# Fixed pen without walkway

## Design
- This is a purpose built fixed structure designed to accommodate one vessel of up to a specific length.
- Access to the vessel in the pen is over the bow/stern from the jetty structure.

## Occupancy
The overall vessel length must not exceed the described pen length.

## Charges
Per metre of described pen length.

Fixed alongside berth

Design
- This berth is designed to accommodate vessels of various lengths to moor alongside the fixed jetty structure
- Includes berths at the head of a jetty

Occupancy
Harbour Management will assess the suitability of the applicant’s vessel for the alongside berth

Charges
Per metre of overall vessel length (rounded down to the nearest metre)
Piled moorings

Design
- This is a purpose built structure designed to accommodate one vessel of up to a specific length
- The length of each mooring is as described in the Maritime Facilities: Schedule of fees and charges available at www.transport.wa.gov.au/marinefeechanges
- There is no pedestrian access to the vessel in the piled mooring

Occupancy
The overall vessel length must not exceed the described length of the piled mooring

Charges
Per metre of overall vessel length (rounded down to the nearest metre)
## Swing or fore/aft moorings

| **Design**                                      | • The mooring must be designed to accommodate the nominated vessel  
|                                               | • There is no pedestrian access to the vessel on the mooring |
| **Installation**                               | • Installation and maintenance of the mooring is the responsibility of the vessel owner  
|                                               | • The mooring apparatus must be installed and certified as adequate for its intended purpose by an authorised mooring contractor on behalf of the owner  
|                                               | • The owner is required to ensure that the mooring apparatus is inspected annually and a copy of the inspection report is provided with payment for renewal |
| **Occupancy**                                   | The overall vessel length must not exceed the prescribed maximum mooring rating |
| **Charges**                                     | Charges are per metre of overall vessel length (rounded down to the nearest metre) |
## 25 metre pens with walkway (Tropical cyclone zone)

| Design | • This is a purpose built cyclone rated, fixed or floating structure designed to accommodate vessels of up to 25 metres in length  
| Occupancy | The overall vessel length must not exceed 25 metres  
| Charges | Per metre of described pen length |

## Dinghy pens

| Design | • This is a purpose built structure designed to accommodate dinghy vessels only  
| Charges | Annual fee applies, per vessel |
