# General notes

## 1. General notes

Vessel owner and skipper jointly liable for all fees and charges

All fees quoted are inclusive of GST and should be paid in advance, unless otherwise specified in writing

For charge calculation purposes, vessel length refers to the overall vessel length, including marlin board, sterndrive, bowsprit etc; rounded down to the nearest whole metre

The fee for any service or use of facilities not contemplated or provided for in the agreed fee schedule for a particular location shall be charged at cost

“At cost” means the full cost of a service, taking into account the direct and indirect costs. Direct costs are costs that can be attributed directly and unequivocally to a service, including direct staffing costs, as well as expenses incurred specifically for that service or product etc. Indirect costs are costs that are not directly attributable to a particular service - sometimes referred to as overheads or corporate costs - and can include costs associated with financial services, human resources, information technology etc

## 2. Vessel accommodation

Where annual fees have been paid for a particular facility, use of another facility may be temporarily allocated for the convenience of harbour operators, without fee adjustment

Harbour management may temporarily allocate a vessel to a larger pen or a different accommodation type in order to optimise the use of available pens. The fees charged will be the same as the prescribed fee due had the vessel been accommodated in an appropriately sized pen or the originally allocated pen

## 3. Period definitions

Short-term means: Up to 1 hour in any 24 hour period (see note 5 overleaf for further details)

Pay 6 hours or part thereof means: Charged per 6 hour block

Day means: A period of 24 consecutive hours or part thereof

Week means: A period of 7 consecutive days or part thereof

Month means: A calendar month or part thereof – ie: from a specified time/date in one month to the same time/date in the next month

Annual/Year means: A period of 12 consecutive months or part thereof

## 4. Vessel type definitions

Recreational vessel: Means a vessel held wholly for the purpose of recreational or sporting activities and not for hire or reward

Commercial vessel: Means a vessel which is not used solely for pleasure or recreation and is used in the course of any business or in connection with any commercial transaction (excludes service vessels at Exmouth, Onslow, Point Samson and Port Hedland)

Tourism vessel: Means a vessel used for commercial tourism purposes

Fishing vessel: Means a vessel used for catching fish or other living resources of the sea or seabed for trading or manufacturing purposes, but excludes any vessel engaged in harvesting or transportation of algae or aquatic plants.

# General notes

## 4. Vessel type definitions (cont)

**Service vessel:** Means a vessel used in the course of any business not associated with fishing or tourism and excludes Government vessels. Fees pertaining to service vessels apply at Exmouth, Onslow, Point Samson and Port Hedland.

**Government vessel:** Means a vessel that belongs to, or is vested in, the Commonwealth or a State or Territory of the Commonwealth.

## 5. Use of a service jetty or wharf

A daily fee of \$8.70 per metre of the vessel length for the user of a service jetty or wharf will apply for commercial vessels (excluding service vessels at Exmouth, Onslow, Point Samson and Port Hedland, where other fees apply) or for recreational vessels of 25 metres or over in length.

An annual fee of \$99.80 per metre of the vessel length for the short-term use of a service jetty or wharf will apply for any vessel, whether commercial or recreational, but excluding service vessels at Exmouth, Onslow, Point Samson and Port Hedland.

If an annual fee for use of the service jetty or wharf has been paid, then no further charges will apply for the use of any service jetty or wharf for up to 1 hour in any 24 hour period, subject to availability, at any DoT managed maritime facility within the State for the duration of the period for which the annual vessel accommodation fee has been paid\*.

If a vessel accommodation fee (includes pen, alongside berth or harbour mooring fee, but excludes mooring licence fees for mooring sites not within a DoT managed harbour boundary) has been paid by any vessel (excluding service vessels at Exmouth, Onslow, Point Samson and Port Hedland), then use of the service jetty or wharf within that maritime facility, subject to availability, is free for up to 1 hour in any 24 hour period; for the duration of the period for which the vessel accommodation fee has been paid\*.

If an annual vessel accommodation fee has been paid by any vessel (excluding service vessels at Onslow, Point Samson and Port Hedland) then use of a service jetty or wharf at any DoT managed maritime facility within the State, subject to availability, is free for up to 1 hour in any 24 hour period, for the duration of the period for which the vessel accommodation fee has been paid\*.

If an annual vessel accommodation fee or an annual service jetty/wharf fee has been paid by any vessel (excluding service vessels at Exmouth, Onslow, Point Samson and Port Hedland), but that vessel wishes to use the service jetty or wharf for longer than the included 1 hour in any 24 hour period, then a daily fee, as appropriate for that vessel, will apply.

If a vessel accommodation fee has not been paid then the following fee will apply for the user of a service jetty or wharf, subject to availability, for any purpose other than fuelling\*:

- Daily fee of \$62.25 for a recreational vessel of less than 25 metres in length;
- Daily fee of \$8.70 per metre of the vessel's length for a commercial vessel (excluding service vessels) or for a recreational vessel of 25 metres or more in length;
- Annual fee for short-term use of a service jetty or wharf by any vessel (excluding service vessels) of \$99.80 per metre of the vessel's length.

If a vessel is refuelling then there is no charge for use of the associated service jetty or wharf, while refuelling and simultaneous loading/unloading operations (if applicable) are continuously in progress. If a vessel wishes to remain at the service jetty after refuelling and simultaneous loading/unloading operations are complete, then an appropriate accommodation/useage fee will be applied.

**Fishing vessels:** The 1 hour limit for short-term use of a service wharf or jetty may be extended for a licensed fishing vessel if required to complete active loading or unloading operations, subject to the vessel vacating the berth to facilitate other operations if required by an Officer of the Department or an Authorised Person and subject to the extended period only applying if active loading or unloading operations are continuously in progress.

\* *If a vessel accommodation fee of 3 months or more has been paid at Fremantle Fishing Boat Harbour or Fremantle Challenger Boat Harbour then that vessel is entitled to use any DoT managed jetty in the Swan Canning Rivers (see page 41) for up to 15 minutes at a time, to a maximum of one hour per day for the period of the vessel accommodation, excluding event days at Burswood Jetty, when vessels may need to move on more quickly.*

\* *In the Swan Canning Rivers a vessel must not stay alongside any service jetty or wharf for a period greater than 15 minutes at a time. On event days at Burswood Jetty vessels may be required to move on more quickly to facilitate efficient use of the jetty and reduce unnecessary waiting times for other jetty users.*

\* *Where a berth is marked for exclusive use by vessels of a specified user at Burswood Jetty, no other vessel is permitted to use the berth at the times specified.*
