## RECORD DAMAGE DETAILS FOR MOTOR VEHICLE

A full description of the national damage assessment criteria for passenger and light commercial vehicles and how to apply them is set out in the publication *Damage Assessment Criteria for the Classification of Statutory Write-Offs (2019)* published by the National Motor Vehicle Theft Reduction Council and Austroads. A PDF version of the publication can be downloaded from [carsafe.com.au](http://carsafe.com.au) or [austroads.com.au](http://austroads.com.au)

MOTOR VEHICLE DAMAGE LOCATION REFERENCE CHART

14	Whole vehicle	21	Chassis/structural rails (driver)	28	D pillar passenger	35	Suspension (driver front)
15	Floor pan (passenger front)	22	A pillar passenger	29	D pillar driver	36	Suspension (passenger rear)
16	Fire wall	23	A pillar driver	30	Engine block (cracked, fractured)	37	Suspension (driver rear)
17	Chassis/structural rails (passenger)	24	B pillar passenger	31	Transmission case	38	Airbag front
18	Floor pan (driver rear)	25	B pillar driver	32	Differential case	39	Airbag side
19	Floor pan (driver front)	26	C pillar passenger	33	Axle housing	40	Airbag curtain
20	Floor pan (passenger rear)	27	C pillar driver	34	Suspension (passenger front)	41	Seat belt pre-tensioner

### RECORD DAMAGE DETAILS OF PRIMARY INCIDENT FOR MOTOR VEHICLE\*

Q1: Was the primary incident due to impact/collision?\*

If yes, then complete section Primary Impact damage / severity coding for motor vehicle. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered 'damage location' where the motor vehicle is damaged in the table below: (refer to motor vehicle damage location chart above). Also answer supplementary question (if applicable).

#### PRIMARY IMPACT DAMAGE / SEVERITY CODING FOR MOTOR VEHICLE

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (restraints or whole vehicle only), F, G

Location group:	External panels (incl roof)							Engine	Whole vehicle	Interior	Roof	Pillars							
Location code:	1	2	3	4	5	6	8	7	14	9	8	22	23	24	25	26	27	28	29
Panel severity (A/B):																			
Structural severity (C/D):																			
Mechanical severity (F/G):																			
Unrepairable (E):																			

Location group:	Floor plan				Fire Wall	Longitudinals		Suspensions				Mechanical				Restraints			
Locations code:	15	18	19	20	16	17	21	34	35	36	37	30	31	32	33	38	39	40	41
Structural severity (C/D):																			
Mechanical severity (F/G):																			
Unrepairable (E):																			

Q1.1: If both longitudinals (17 and 21) were subjected to structural damage (C), please indicate if both longitudinal rails are damaged to the extent that both require Original Equipment Manufacturer (OEM) replacement.

YES  NO

If no, then complete section Primary Non-impact damage / severity coding for motor vehicle. Choose the appropriate primary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered damage location where the motor vehicle is damaged in the table on the next page (refer to motor vehicle damage location reference chart above). Also answer supplementary questions (whichever is applicable).

# PRIMARY NON IMPACT DAMAGE / SEVERITY CODING FOR MOTOR VEHICLE

Note: Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers.

		Location group:	External panels (incl roof)						Engine	Whole vehicle	Interior	Roof	Pillars								
		Location code:	1	2	3	4	5	6	8	7	14	9	8	22	23	24	25	26	27	28	29
Tick one	Incident type	Allowable damage/severity																			
<input type="checkbox"/>	M - Malicious/Vandalism/Stripping	E																			
		H,I,J,K																			
<input type="checkbox"/>	F - Fire	E																			
		N,O,P																			
<input type="checkbox"/>	W - Water (salt or fresh)	L,M																			
<input type="checkbox"/>	H - Hail	A,B																			
<input type="checkbox"/>	D - Dismantled	H																			

		Location group:	Floor plan				Fire wall	Longitudinals	Suspensions				Mechanical			Restraints					
		Location code:	15	18	19	20	16	17	21	34	35	36	37	30	31	32	33	38	39	40	41
Incident type	Allowable damage/severity																				
M - Malicious/Vandalism/Stripping	E																				
	H,I,J,K																				
F - Fire	E																				
	N,O,P																				

Q1.2: If you have recorded major vandalism damage (J) at location roof (8), indicate if the damage has affected the structural member?

YES  NO

Q1.3: If you have recorded burnt/blistered damage (N) at location roof (8), indicate if the damage has affected the structural member?

YES  NO

Q1.4: If the interior (9) and/or whole (14) motor vehicle was subjected to water damage, indicate if the internal cabin was inundated with water exceeding the level of the inner door sill?

NO  YES (NOTE: Motor vehicle must be declared a statutory write off where immersion rises above the level of the inner door sill).

Q2: Has the motor vehicle been assessed as a statutory write off?\*

NO (Skip to Q3)  YES (Provide additional comments in the box below to support the statutory write off)

Q3: Do you wish to record a secondary incident for this motor vehicle?\*

NOTE: Secondary incident is not permitted if notifier is an auto-dismantler OR if the primary incident type recorded is dismantled.

NO (Skip to declaration section)  YES (Proceed to record damage details of secondary incident for motor vehicle section i.e. Q4)

# RECORD DAMAGE DETAILS OF SECONDARY INCIDENT FOR MOTOR VEHICLE (IF APPLICABLE)

NOTE: Only certain combinations of incident types are permitted for recording primary and secondary incidents. Refer to allowable primary and secondary incident type combinations reference table for details.

Q4: Was the secondary incident due to impact/collision?

If yes, then complete section Secondary Impact damage / severity coding for motor vehicle. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered damage location where the motor vehicle is damaged in the table below (refer to motor vehicle damage location reference chart):

## SECONDARY IMPACT DAMAGE / SEVERITY CODING FOR MOTOR VEHICLE

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (restraints or whole veh only), F, G

Location group:	External panels (incl roof)							Engine	Whole vehicle	Interior	Roof	Pillars							
Location code:	1	2	3	4	5	6	8	7	14	9	8	22	23	24	25	26	27	28	29
Panel severity (A/B):																			
Structural severity (C/D):																			
Mechanical severity (F/G):																			
Unrepairable (E):																			

Location group:	Floor plan				Fire Wall	Longitudinals		Suspensions				Mechanical				Restraints			
Locations code:	15	18	19	20	16	17	21	34	35	36	37	30	31	32	33	38	39	40	41
Structural severity (C/D)																			
Mechanical severity (F/G)																			
Unrepairable (E):																			

If no, then complete section Secondary Non-impact damage / severity coding for motor vehicle. Choose the appropriate primary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered 'damage location' where the motor vehicle is damaged in the table below (refer to motor vehicle damage location reference chart).

## SECONDARY NON IMPACT DAMAGE / SEVERITY CODING FOR MOTOR VEHICLE

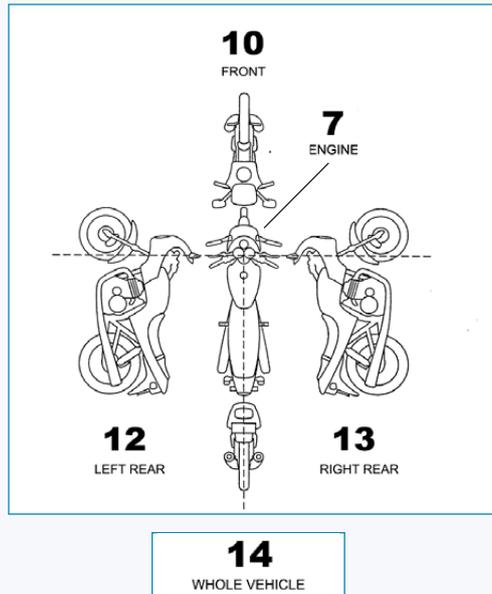

Note: Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers.

		Location group:	External panels (incl roof)							Engine	Whole vehicle	Interior	Roof	Pillars							
		Location code:	1	2	3	4	5	6	8	7	14	9	8	22	23	24	25	26	27	28	29
Tick one	Incident type	Allowable damage/severity																			
<input type="checkbox"/>	M - Malicious/Vandalism/Stripping	E																			
		H,I,J,K																			
<input type="checkbox"/>	F - Fire	E																			
		N,O,P																			
<input type="checkbox"/>	W - Water (salt or fresh)	L,M																			
<input type="checkbox"/>	H - Hail	A,B																			
<input type="checkbox"/>	D - Dismantled	H																			

		Location group:	Floor plan				Fire wall	Longitudinals		Suspensions				Mechanical				Restraints			
		Location code:	15	18	19	20	16	17	21	34	35	36	37	30	31	32	33	38	39	40	41
Incident type	Allowable damage/severity																				
M - Malicious/Vandalism/Stripping	E																				
	H,I,J,K																				
F - Fire	E																				
	N,O,P																				

# RECORD DAMAGE DETAILS FOR MOTORCYCLE

MOTORCYCLE DAMAGE LOCATION REFERENCE CHART

## RECORD DAMAGE DETAILS OF PRIMARY INCIDENT FOR MOTORCYCLE\*

Q1: Was the primary incident due to impact/collision?\*

If yes, then complete section Primary Impact damage / severity coding for motorcycle. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered 'damage location' where the motorcycle is damaged in the table below: (refer to motorcycle damage location chart above).

### PRIMARY IMPACT DAMAGE / SEVERITY CODING FOR MOTORCYCLE

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (whole vehicle only), F, G

Location group:	Front	Rear		Engine	Whole Vehicle
Location code:	10	12	13	7	14
Panel severity (A/B):					
Structural severity (C/D):					
Mechanical severity (F/G):					
Unrepairable (E):					

If no, then complete section Primary Non-impact damage / severity coding for motorcycle. Choose the appropriate primary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered 'damage location' where the motorcycle is damaged in the table below (refer to motorcycle damage location reference chart above). Also answer supplementary question (if applicable).

### PRIMARY NON IMPACT DAMAGE / SEVERITY CODING FOR MOTORCYCLE

- NOTE:
- Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers.
  - Where an entire motorcycle has been subjected to salt water damage (L) the motorcycle must be declared a statutory write off.

		Location group:	Front	Rear		Whole Vehicle
		Location code:	10	12	13	14
Tick one	Incident Type	Allowable damage/severity				
<input type="checkbox"/>	M - Malicious/ Vandalism/Stripping	E H,I,J,K				
<input type="checkbox"/>	W - Water (salt or fresh)	L,M				
<input type="checkbox"/>	F - Fire	E N,O,P				
<input type="checkbox"/>	H - Hail	A,B				
<input type="checkbox"/>	D - Dismantled	H				

## PRIMARY NON IMPACT DAMAGE / SEVERITY CODING FOR MOTORCYCLE CONT.

Q1.1: If the whole motorcycle (14) was subjected to fresh water damage (M), indicate if the period of immersion exceeded 48 hours.

NO  YES (NOTE: The motorcycle must be declared a statutory write off if immersed for longer than 48 hours.)

Q2: Has the motorcycle been assessed as a statutory write off?\*

NO (Skip to Q3)  YES (Provide additional comments in the box below to support the statutory write off)

Q3: Do you wish to record a secondary incident for this motorcycle?\*

NOTE: Secondary incident is not permitted if notifier is an auto-dismantler OR if the primary incident type recorded is dismantled.

NO (Skip to declaration)  YES (Proceed to record damage details of secondary incident for motorcycle section below)

## RECORD DAMAGE DETAILS OF SECONDARY INCIDENT FOR MOTORCYCLE (IF APPLICABLE)

NOTE: Only certain combinations of incident types are permitted for recording primary and secondary incidents. Refer to allowable primary and secondary incident types combinations reference table for details.

Q4: Was the secondary incident due to impact/collision?

If yes, then complete section Secondary Impact damage / severity coding for motorcycle. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered damage location where the motorcycle is damaged in the table below (refer to motorcycle damage location reference chart on the previous page):

### SECONDARY IMPACT DAMAGE / SEVERITY CODING FOR MOTORCYCLE

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (whole vehicle only), F, G

Location group:	Front	Rear		Engine	Whole vehicle
Location code:	10	12	13	7	14
Panel severity (A/B):					
Structural severity (C/D):					
Mechanical severity (F/G):					
Unrepairable (E):					

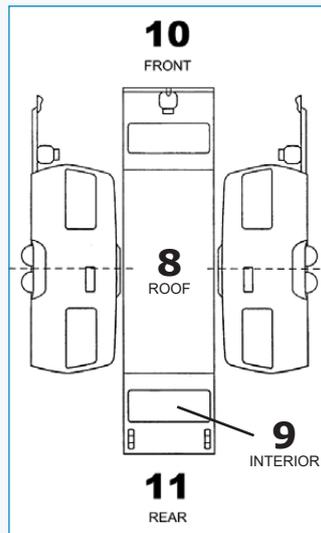

If no, then complete section Secondary Non impact damage / severity coding for motorcycle. Choose the appropriate secondary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered damage location where the motorcycle is damaged in the table below (refer to motorcycle damage location reference chart on the previous page).

### SECONDARY NON IMPACT DAMAGE / SEVERITY CODING FOR MOTORCYCLE

		Location group:	Front	Rear		Whole Vehicle
		Location code:	10	12	13	14
Tick one	Incident Type	Allowable damage / severity				
<input type="checkbox"/>	M - Malicious/ Vandalism/Stripping	E H,I,J,K				
<input type="checkbox"/>	W - Water (salt or fresh)	L,M				
<input type="checkbox"/>	F - Fire	E N,O,P				
<input type="checkbox"/>	H - Hail	A,B				
<input type="checkbox"/>	D - Dismantled	H				

# RECORD DAMAGE DETAILS FOR CARAVAN

CARAVAN DAMAGE LOCATION REFERENCE CHART

14	Whole vehicle	17	Chassis/structural rails (left)	21	Chassis/structural rails (right)
----	---------------	----	---------------------------------	----	----------------------------------

## RECORD DAMAGE DETAILS OF PRIMARY INCIDENT FOR CARAVAN\*

Q1: Was the primary incident due to impact/collision?\*

If yes, then complete section Primary Impact damage / severity coding for caravan. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered 'damage location' where the caravan is damaged in the table below: (refer to caravan damage location chart above).

### PRIMARY IMPACT DAMAGE / SEVERITY CODING FOR CARAVAN

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (whole vehicle only)

Location group:	Front	Rear	Roof	Whole vehicle	Interior	Longitudinals	
Location code:	10	11	8	14	9	17	21
Panel severity (A/B):							
Structural severity (C/D):							
Unrepairable (E):							

If no, then complete section Primary Non-impact damage / severity coding for caravan. Choose the appropriate primary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered 'damage location' where the caravan is damaged in the table below (refer to caravan damage location reference chart above).

### PRIMARY NON IMPACT DAMAGE / SEVERITY CODING FOR CARAVAN

NOTE: Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers.

		Location group:	Front	Rear	Roof	Whole Vehicle	Interior
		Location code:	10	11	8	14	9
Tick one	Incident Type	Allowable damage / severity					
<input type="checkbox"/>	M - Malicious/ Vandalism/Stripping	E H,I,J,K					
<input type="checkbox"/>	W - Water (salt or fresh)	L,M					
<input type="checkbox"/>	F - Fire	E N,O,P					
<input type="checkbox"/>	H - Hail	A,B					
<input type="checkbox"/>	D - Dismantled	H					

## RECORD DAMAGE DETAILS OF PRIMARY INCIDENT FOR CARAVAN CONT.

Q2: Has the caravan been assessed as a statutory write off?\*

NO (Skip to Q3)  YES (Provide additional comments in the box below to support the statutory write off)

Q3: Do you wish to record a secondary incident for this caravan?\*

NOTE: Second incident is not permitted if notifier is an auto-dismantler OR if the primary incident type recorded is dismantled.

NO (Skip to declaration)  YES (Proceed to record damage details of secondary incident for caravan section below)

## RECORD DAMAGE DETAILS OF SECONDARY INCIDENT FOR CARAVAN (IF APPLICABLE)

NOTE: Only certain combinations of incident types are permitted for recording primary and secondary incidents. Refer to allowable primary and secondary incident types combinations reference table for details.

Q4: Was the secondary incident due to impact/collision?

If yes, then complete section Secondary Impact damage / severity coding for caravan. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered damage location where the caravan is damaged in the table below (refer to caravan damage location reference chart):

### SECONDARY IMPACT DAMAGE / SEVERITY CODING FOR CARAVAN

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (whole vehicle only)

Location group:	Front	Rear	Roof	Whole vehicle	Interior	Longitudinals	
Location code:	10	11	8	14	9	17	21
Panel severity (A/B):							
Structural severity (C/D):							
Unrepairable (E):							

If no, then complete section Secondary Non impact damage / severity coding for caravan. Choose the appropriate secondary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered damage location where the caravan is damaged in the table below (refer to caravan damage location reference chart).

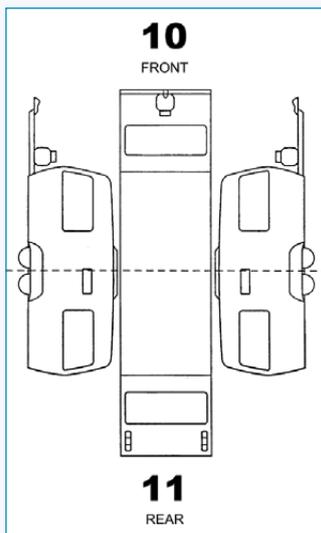

### SECONDARY NON IMPACT DAMAGE / SEVERITY CODING FOR CARAVAN

NOTE: Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers.

		Location group:	Front	Rear	Roof	Whole Vehicle	Interior
		Location code:	10	11	8	14	9
Tick one	Incident Type	Allowable damage / severity					
<input type="checkbox"/>	M - Malicious/ Vandalism/Stripping	E H,I,J,K					
<input type="checkbox"/>	W - Water (salt or fresh)	L,M					
<input type="checkbox"/>	F - Fire	E N,O,P					
<input type="checkbox"/>	H - Hail	A,B

# RECORD DAMAGE DETAILS FOR TRAILER

TRAILER DAMAGE LOCATION REFERENCE CHART

14	Whole vehicle	17	Chassis/structural rails (left)	21	Chassis/structural rails (right)
----	---------------	----	---------------------------------	----	----------------------------------

## RECORD DAMAGE DETAILS OF PRIMARY INCIDENT FOR TRAILER\*

Q1: Was the primary incident due to impact/collision?\*

If yes, then complete section "Primary Impact damage / severity coding for trailer". Tick the check box and provide appropriate impact damage / severity code(s) against each numbered 'damage location' where the trailer is damaged in the table below: (refer to trailer damage location chart above).

### PRIMARY IMPACT DAMAGE / SEVERITY CODING FOR TRAILER

Tick	Incident type	Allowable damage / Severity code
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (whole vehicle only)

Location group:	Front	Rear	Whole vehicle	Longitudinals	
Location code:	10	11	14	17	21
Panel severity (A/B):					
Structural severity (C/D):					
Unrepairable (E):					

If no, then complete section "Primary Non-impact damage / severity coding for trailer". Choose the appropriate primary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered 'damage location' where the trailer is damaged in the table below (refer to trailer damage location reference chart above).

### PRIMARY NON IMPACT DAMAGE / SEVERITY CODING FOR TRAILER

NOTE: Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers

		Location group:	Front	Rear	Whole Vehicle
		Location code:	10	11	14
Tick one	Incident Type	Allowable damage / severity			
<input type="checkbox"/>	M - Malicious/ Vandalism/Stripping	E			
		H,I,J,K			
<input type="checkbox"/>	W - Water (salt or fresh)	L,M			
<input type="checkbox"/>	F - Fire	E			
		N,O,P			
<input type="checkbox"/>	H - Hail	A,B			
<input type="checkbox"/>	D - Dismantled	H			

## RECORD DAMAGE DETAILS OF PRIMARY INCIDENT FOR TRAILER CONT.

Q2: Has the trailer been assessed as a statutory write off?\*

NO (Skip to Q3)     YES (Provide additional comments in the box below to support the statutory write off)

Q3: Do you wish to record a secondary incident for this trailer?\*

NOTE: Second incident is not permitted if notifier is an auto-dismantler OR if the primary incident type recorded is dismantled.

NO (Skip to declaration)     YES (Proceed to record damage details of secondary incident for trailer section below)

## RECORD DAMAGE DETAILS OF SECONDARY INCIDENT FOR TRAILER (IF APPLICABLE)

NOTE: Only certain combinations of incident types are permitted for recording primary and secondary incidents. Refer to allowable primary and secondary incident types combinations reference table for details.

Q4: Was the secondary incident due to impact/collision?

If yes, then complete section "Secondary Impact damage / severity coding for trailer. Tick the check box and provide appropriate impact damage / severity code(s) against each numbered damage location where the trailer is damaged in the table below (refer to trailer damage location reference chart):

### SECONDARY IMPACT DAMAGE / SEVERITY CODING FOR TRAILER

Tick	Incident type	Allowable damage / Severity code			
<input type="checkbox"/>	(I) - Impact	A, B, C, D, E (whole vehicle only)			
Location group:		Front	Rear	Whole vehicle	Longitudinals
Location code:		10	11	14	17      21
Panel severity (A/B):					
Structural severity (C/D):					
Unrepairable (E):					

If no, then complete section Secondary Non impact damage / severity coding for trailer. Choose the appropriate secondary incident type by ticking the respective check box against the incident type (tick one only). For the chosen incident also provide appropriate damage / severity code against each numbered damage location where the trailer is damaged in the table below (refer to trailer damage location reference chart).

### SECONDARY NON IMPACT DAMAGE / SEVERITY CODING FOR TRAILER

NOTE: Selection of 'Dismantled' is limited to auto-dismantlers and other preauthorised notifiers

		Location group:	Front	Rear	Whole Vehicle
		Location code:	10	11	14
Tick one	Incident Type	Allowable damage / severity			
<input type="checkbox"/>	M - Malicious/Vandalism/Stripping	E H,I,J,K			
<input type="checkbox"/>	W - Water (salt or fresh)	L,M			
<input type="checkbox"/>	F - Fire	E N,O,P			
<input type="checkbox"/>	H - Hail	A,B			
<input type="checkbox"/>	D - Dismantled	H
